Kostia and Vitali aka The Illuminati / Apex Mind reside in Israel and began their music career in 2005. In 2006 they started to produce hard dance music with their first commercial work released on "Virus 24" compilation on DHT (Belgium) with a remix of a track by DJ Bass and DJ Antikillah. Since then, they have become resident

producers on Tesikore Records under the moniker Apex Mind as well as GIF Phobia's successful label Gunpowder Records where their careers took a huge step forward.

Additionally, their skills were recognized by the USA Hard Kryptic Records/Hard X Music team. Recently, the boys have really taken control of their music to begin their own music brand called Dark Like Hell Records , which is currently overseen by Hard X Music.

The Illuminati aka Apex Mind continue to grow with non-stop releases of their increasing innovative music.
